

I am ONE in a million

JOIN WINNIPEG'S MILLION TREE CHALLENGE

Winnipeg's tree canopy is in crisis, and we need Winnipeggers like you to step up and support our trees. Let's join together to plant a million new trees – one for every person in our growing city.

PLANT

We encourage the planting of native species, which are available at nurseries and garden centres across Winnipeg. Our **ReLeaf Program** runs twice a year, where we can set you up with a tree package. One day of planting can add years of beauty and benefits to your yard or neighbourhood.

REGISTER

Once you've planted your tree, make sure to register it. Every tree registered is one tree closer to our million-tree goal. You can register on our website or use our QR Code.

DONATE

Go beyond your pledge to plant and help someone else plant a tree. Visit milliontreewinnipeg.ca to make your donation.

VOLUNTEER

Become a volunteer for **Trees Winnipeg**. Check our website often to learn more about our upcoming volunteer opportunities.
